Project Name	Cheating Detection System
Browser	Google Chrome
Test case ID	CD01
Version	1.00
Tested by	Nitin
Tested on	10-06-2021

Test #	Description	Expected outcome	Actual outcome	Pass
1	Already taken username and email	An error message	Username or email already taken	
2	Passwords not matching	Passwords must match error message	Field must be equal to password	
3	Email format not valid	Invalid email format error	Invalid email address	
4	All valid fields	Account created message and redirect to login page	Account successfully created and redirected to login page	

Project Name	Cheating Detection System
Browser	Microsoft Edge

Test case ID	CD02
Version	1.00
Tested by	Nitin
Tested on	18-06-2021

Test #	Description	Expected outcome	Actual outcome	Pass
1	Wrong date and time	Error message	Exam cannot be created in the past message	
2	Invalid dutaion type	Duration must be in minutes error	Duration must be an integer	
3	Invalid file upload type	File not supported	The uploaded file is not supported	
4	Valid details	Created scheduled and success message	Exam created successfully message and stored in the database	

Project Name	Cheating Detection System
Browser	Google Chrome
Test case ID	CD03

Version	1.00			
Tested by	Nitin			
Tested on	24-06-2021			

Test #	Description	Expected outcome	Actual outcome	Pass
1	Wrong exam code	Error message and redirected to the same page	Exam code is incorrect and redirected to the join exam page	
2	Invalid image captured	Face not verified message	Face not recognized message	
3	Valid details	Display exam questions	Exam questions parsed and displayed	

Project Name	Cheating Detection System
Browser	Google Chrome
Test case ID	CD04
Version	1.00
Tested by	Nitin
Tested on	30-06-2021

Test #	Description	Expected outcome	Actual outcome	Pass
1	Laptop or mobile detected	Play warning sound, draw a bounding box around the object and store the annotatted frame	Warning sound played, annotatted the frame and stored in the log folder	
2	More than a person detected	Play warning sound, draw a bounding box around both the persons and store the annotatted frame	Warning sound played, annotatted the frame and stored in the log folder	

Project Name	Cheating Detection System
Browser	Google Chrome
Test case ID	CD05
Version	1.00
Tested by	Nitin
Tested on	06-07-2021

Test #	Description	Expected outcome	Actual outcome	Pass
1	Maximum marks for a given question exceeded	Display a warning message about the range of the marks	Warning message displayed	
2	Grade student	Display any frames and update the marks	Cheating frames displayed and marks are updated in the database
